To Our Customers and Friends

We are very happy to send you this list of fine nursery stock, which is some of the finest grown in the South. We know you will be well pleased with the stock you order from it.

Due to our abundant supply of water and very efficient irrigation system, we have had a wonderful growing season and, coupled with our past experiences, we have our best crop yet. Our lining out stock is very heavy with a heavier root system than we have ever had. The container grown stock is the highest quality we have seen anywhere. We invite you to visit the area and compare.

Just as we stated last year in our price list — prospects for the future are very bright for the progressive nurserymen. We have the lining out stock and we suggest that you order early. Prices will not be lower for a very long time, and very likely will be higher before the Spring selling season is over. By planting our lining out stock now you will be ready for the good years ahead. Our container grown stock is ready now and is ideal for Garden Centers and landscape use.

We hope you can visit us to see our operation — we are proud of it.

Our Business Terms

PRICES. All our prices are net and due by the 10th of the month following purchase. Packing charges are to be added and are based on actual cost. If cash accompanies order, we will absorb the packing cost ourselves.

CHARGE ACCOUNTS. From unknown persons who have not established credit with us we ask for well-known trade references and time for investigating.

C.O.D. SHIPMENTS. Must be accompanied by 25% deposit and will be considered as a cash order with packing free.

SHIPMENTS. Please specify by what method you want your order shipped. We will endeavor to send out all orders as near the date specified as possible, and will do everything in our power to insure satisfactory delivery to our customers, but our responsibility ceases upon delivery to carrier in good condition. Should your shipment be delayed or damaged in transit, please file claim with transportation company immediately.

If there is any mistake in your order, please let us know at once.

ALL PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

THE BLACKWELL NURSERIES, INC. warrants to the extent of the purchase price that nursery stock is true-to-name and as described within recognized tolerances. Seller gives no other or further warranty, express or implied, and will under no circumstances be liable for more than the invoice value at the time of purchase.

Azaleas

This year we have our usual wonderful lot of Azaleas to offer. They have been sheared many times and are very compact. No one can furnish the high quality Azaleas we ship at a lower price, due to our volume of production. We would appreciate the opportunity to prove this to you.

We are concentrating on producing the highest quality plant, for pot culture, as possible. We grow these plants in German peat moss so you should not experience any trouble in transplanting.

We start shipping about October first, but for growing-on stock — shipments usually go out from April first through June. Place your order as early as possible for best selection of varieties.

Azaleas grown in 3 inch peat pots, 2 months after potting. They will make ideal growing-on stock for November thru January planting if you have a little space in your greenhouses.

Some of Our Facilities

INSIDE ONE OF OUR PROPAGATING HOUSES

A PORTION OF OUR OUTDOOR HOTBEDS
(3 inch peat pot Azaleas are grown in these beds.)

Kurume and Pericat Azaleas

These are most popular as they are used extensively as pot plants and also in landscaping for borders as well as mass planting in beds. As a pot plant there is nothing that is superior. We urge you to try a few if you are not already using them.

CHRISTMAS CHEER. Hose-in-hose; small deepest red. Small foliage; compact growth.

CORAL BELLS. Hose-in-hose; small, bell-shaped flowers of a beautiful shade of pink. Small glossy foliage; very compact growth. The favorite of florists for pot culture.

HAHN'S RED (*Mudders Kinstag*). Very dark red hardy variety. Very late. Good for Mother's Day. Large flower.

HEXE. Hose-in-hose; large, deep red. Excellent dwarf compact growth. Very much in demand.

CORAL BELL & HEXE

6 x 8 inch Coral Bell and Hexe with six inch pot. We trim our Azaleas especially for florist's use.

Kurume and Pericat Azaleas

HEXE DE SAFFALARE. Hose-in-hose similar to Hexe except larger. New and very popular.

HINODEGIRI. This is a very popular bright red variety. The blooms cover the plant in such a manner that you can hardly see a leaf when in full bloom. Compact, slow growth. Very hardy.

HINO-DOUBLE. Hose-in-hose nice hardy variety. Dark pink and sure to become popular.

MARJORIE ANN. Fast growing Pericat similar to Sweetheart Supreme, except flower bright salmon. Very good for forcing.

PINK SUPREME (*Pink Pericat*). Beautiful rose-pink sport of Mme. Pericat.

***RED WING (Pat. No. 1159).** Beautiful large red Azalea which is an excellent pot plant variety similar to Hexe, except a much larger flower. Not quite as hardy outdoors as Hexe de Saffalare.

ROSE BANNER. Hose-in-hose, lighter pink than Coral Bell but larger flower.

SALMON BEAUTY. Hose-in-hose; large, salmon color. Compact growth. Very showy plant and an excellent variety for pot culture.

SNOW. Hose-in-hose; pure white flowers cover the plant. Fairly large, dark green leaves.

SWEETHEART SUPREME. Salmon-pink. Keeps well. Very fine.

Belgian Indica and Related Azaleas

This year we are offering some of the better varieties of Belgian Indica and related. This is possible because we have heaters in use in our lath houses to protect these tender varieties.

We also have more than two acres of plastic greenhouses in which we grow these Belgian Indicas. They are really nice for May-June shipment, as growing-on stock.

ALASKA. Rutherfordiana. Early white excellent variety for florists' use.

ALBERT & ELIZABETH. Beautiful pink and white variegated. One of the most popular varieties. Mid-season.

CANDYSTICK. Variegated sport of Triomphe. Early to mid-season.

CHIMES. Beautiful red trumpet shaped flower. Early to mid-season. Very popular.

DR. BERGMAN. Variegated dark pink with darker shades of pink veins. Mid-season.

DOROTHY GISH. Nice shade of salmon-rose. Strong grower. Mid-season.

GLORY OF EASTER. Coral pink sport of Jean Hearens, very large and double. Mid-season.

JEAN HEARENS. Rose-pink, very large and very double blossoms. This is one of the best.

PRINCESS CAROLINE. (Pat.) 3 inch flower hose-in-hose with petaloids to double. Upper half of flower speckled with bright red. Very early.

SUN VALLEY. (Pat. #1708) Hose-in-hose large white. Very late. Excellent for Easter and Mother's Day.

VERVAENEANA ALBA. Large white, mid-season. Very good forcing variety.

VERVAENEANA ROSEA. Variegated form of above.

Oriental Magnolias

Our stock of these fine Magnolias is about the nicest we have ever seen anywhere. Our liners are especially nice and we recommend them very highly. We know we have the finest stock of large budded *Soulangiana* ever grown. We initiated cutting back Magnolias here several years ago and have the heaviest, bushiest stock available. Let us take care of your needs. These Magnolias are hardy in nearly all parts of the United States, and make beautiful trees for Spring flowering.

All liners are shipped bare root and we recommend shipping the larger sizes in this manner when the distance is very great. They can be moved safely in this manner, and can be shipped where B&B would be almost prohibitive.

ALL OUR ORIENTAL MAGNOLIAS SHOULD BE SHIPPED OUT BEFORE FEBRUARY 15TH. They come into flower and growth buds soon after and would be harder to transplant. If you have some place like a bulb cellar where you can keep them above freezing, yet cold enough so they won't start new growth, you can hold them fine. 38 to 45 degrees is about perfect.

MAGNOLIA SOULANGEANA
12-18" Lining Out Stock

Oriental Magnolias

MAGNOLIA ALEXANDRINA. Strong, upright grower. Large flowers, dark purplish pink outside, and white inside. A very nice Magnolia.

MAGNOLIA RUSTICA RUBRA. Large flowers of dark reddish purple. Very fast grower and excellent variety. Later bloomer than Soulangeana.

MAGNOLIA SOULANGEANA. Very hardy, fast growing, and one of the most sought-after plants for use all over the United States.

MAGNOLIA SOULANGEANA NIGRA. Dark purple. A late bloomer and not quite so hardy as Soulangeana.

Container Grown Stock

Our container grown nursery stock is the very best quality produced in the South. We have given very careful attention to soil mixture, feeding, watering and general care. We are very proud of this container grown stock and justly so.

Container grown stock can be planted anytime during the year, and we advise you to get your supply early. You have the advantage of a better selection, as well as being able to offer your customers their stock earlier. You profit by bringing people into your establishment first.

All One Gallon Items Are Grown in Green Plantainers.

All Two Gallon Items Are Grown in Green 8 Inch Nursericans.

MINIMUM ORDER — 25 plants of one variety. 250 plants or more of one variety take the 1000 rate.

PYRACANTHA FORMOSANA
One Gallon Can

	100	1000
--	-----	------

PYRACANTHA FORMOSANA. Large red berries produced in quantity. This is the very best strain for South and mid-South.

1-gallon	\$ 65.00	\$ 600.00
2-gallon	150.00	1400.00

PYRACANTHA GOVERNMENT RED. Red berried variety with large leaves and bright red berries produced in early Fall.

1-gallon	65.00	600.00
----------------	-------	--------

Container Grown Stock

Please note — All one gallon items are grown in green PLANTAINERS. All two gallon items are grown in green 8 inch NURSERICANS. Well grown, fed and trimmed right.

Minimum Order — 25 plants of one variety and size. 250 plants or more of one variety and size take the 1000 rate.

For full truckloads we can arrange for very economical transportation. Available trucks can haul from 4200-4500 one gallon container grown plants — door to door delivery — at a very low cost.

All prices are subject to change without notice.

Lining Out Stock

When we established this nursery in 1938, we decided to specialize in lining out stock. We have done this and are known as the producer of the highest quality liners of anyone in this section. Whether it be Azaleas, Ilex, Magnolias, or any other nursery stock we grow, we produce the best. Repeat orders and more and more new accounts each year are our best testimonials. We are improving our quality and methods of production each season.

This year our lining out stock is the best we have ever grown, and the supply we have will not take care of the demand. We advise early ordering to assure your supply of these fine liners.

250 or more of one size and variety take the thousand rate.
